

This form has been designed by NursingNotes.co.uk to allow students to provide feedback to Registered Nurses that can be used towards evidence for NMC Revalidation (NMC, 2016).

**NOTE FOR STUDENT HEALTHCARE PROFESSIONALS:** The feedback provided should be specific to the Nurse to which the evidence is being provided for NOT the placement or personal experiences with other staff. If you have had any issues you should contact your university or find a more appropriate forum for feedback.
